Education

2023–Present PhD Candidate, Pharmaceutical Sciences, University of British Columbia
Respiratory Evaluation Sciences Program
Supervisor: Dr. Mohsen Sadatsafavi

2021–2023 Master of Arts (Economics), *Simon Fraser University*

2015 Master of Social Science (Economics), *University of Dhaka*

2011–2014 Bachelor of Social Science (Economics), *University of Dhaka*

Research and Administrative Experience

2026–Present **Visiting Researcher**, *Saw Swee Hock School of Public Health, National University of Singapore*

- Modelling the impact of air quality and climate change on asthma and COPD-related hospitalizations, under the supervision of Dr. Wenjia Chen.
- Linking national Ministry of Health TRUST (Trusted Research and Health Data Sharing Platform) records with ambient air quality and meteorological data to quantify exposure-outcome associations.
- Developing projections of climate-attributable respiratory hospitalization burden to inform public health planning.

2023–Present **Graduate Research Assistant**, *Faculty of Pharmaceutical Sciences, UBC*

- Using CPRD dataset from the UK to update exacerbation prediction models in COPD.
- Generating evidence on the burden of respiratory diseases using population-based administrative data.
- Supporting IRB approval, patient recruitment, and quality assurance in a CIHR-funded RCT.
- Supporting grant writing, maintaining collaboration with patient-partners and co-PIs.
- Mentoring undergraduate academic and research assistants.

2024–2026 **Survey Coordinator**, *Graduate Student Society (GSS), UBC*

- Advocated for the graduate student community on issues such as supervision, housing, and harassment.
- Coordinated the design, administration, and analysis of the annual GSS Student Satisfaction Survey, representing approximately 10% of the UBC graduate student population.
- Maintained a structured framework for advocacy initiatives, including timelines, stakeholder engagement, and accountability measures.

2022–2023 **Data Analyst**, *BC Cancer Research Centre*

- Mentored by Dr. Stuart Peacock, Cancer Control Research.
- Conducted population-based administrative data linkage for a longitudinal study within the Childhood, Adolescent, and Young Adult Cancer Survivors Program (CAYACS).
- Supported grant and manuscript preparation, and conducted statistical analyses.

2023 **Research Assistant**, *Department of Economics, Simon Fraser University*

- Conducted a systematic review, digitized and analyzed datasets, and contributed to reports examining the impacts of the COVID-19 pandemic on women's economic and health outcomes in developing countries.

2022–2023 **Junior Exam Assistant**, *Centre for Accessible Learning (CAL), Simon Fraser University*

- Assisted with preparation and administration of accommodated examinations, and secure exam delivery.
- Maintained vigilance and sensitivity to students physical and psychological disabilities during exam administration.

2016 **Senior Research Assistant**, *BRAC James P Grant School of Public Health, BRAC University*

- Supported research management including survey instrument design, training of data collectors, development of data collection strategies
- Contributed to report and manuscript writing.

2015 **Co-researcher**, *Bureau of Economic Research, University of Dhaka*

- Contributed to study methodology development, data collection, literature review, and preparation of reports.

Awards and Scholarships

2026 Canada Research Training Awards Suite Research Travel Supplements (CRTAS-RTS)
2026 shAIRe Rising Stars Professional Development Award, Scientific & Health Data Assets in Respiratory Research (shAIRe)
2026–2029 Four Year Doctoral Fellowship (4YF), UBC
2026–2029 Canada Graduate Research Scholarship-Doctoral Program (CIHR CGRS-D)
2023–2026 President's Academic Excellence Initiative PhD Award, UBC
2025–2026 Pharmaceutical Sciences Graduate Student Service Award, UBC
2026 Go Global Self-Directed Research Award, UBC
2026 "Most Dedicated Work-Learn" Award, GSS, UBC
2026 MITACS Globalink Research Award Abroad
2026 Graduate Teaching Assistant Excellence Awards, UBC
2023–2025 Faculty of Pharmaceutical Sciences Graduate Award, UBC
2025 UBC KxM Research to Impact Award
2025 Graduate Student Professional Development Award in Pharmaceutical Sciences, UBC
2025 Graduate Student Travel Award, UBC
2025 Douglas and Jean Bailey Scholarship, Faculty of Pharmaceutical Sciences, UBC
2025 Better Breathing Week Student Travel Award, Lung Health Foundation
2024–2025 Studentship Award, Canadian Lung Association
2024 Trainee Salary Stipend Award, BC Respiratory Health Network
2024 Symposium Travel Award, Canadas Drug Agency

2022 Bangladesh Sweden Trust Fund, Ministry of Finance, Bangladesh

2022–2023 Canada Graduate Scholarships – Masters (SSHRC CGS-M)

2021 Special Graduate Entrance Award, Simon Fraser University

2021 GPS Graduate Fellowship, Simon Fraser University

Competition

2026 Third Place, *National Medical Datathon 2026*

- Team members: Bronwyn Moore, Crystal Leung, Jeenat Mehareen, Ramin Rezaeianzadeh.
- Project: (Un)Fairness Metrics in Medical Models: 30-day Hospital Readmission of Patients with Diabetes.

Research Funding

2021 **Co-Investigator**, *Bangladesh Medical Research Council (BMRC) Grant*
Uncovering the Willingness to Pay for Treating and Avoiding Mental Illness Compared to Physical Illness through Exploring the Perceived Disease Burden
Co-investigators: Dhira, T. A.; Rahman, M. A.
Total funding: BDT 500,000 Jul 2021 – Dec 2021

Presentations

Sep 2026 **Performance of Multivariable Risk Prediction Algorithms in Predicting Future COPD Exacerbations: A Population-Based Study**

- *Poster* European Respiratory Congress 2026, Barcelona, Spain.

Sep 2026 **Patient and Physician Evaluation of Digital Health Decision Support Tool in COPD Care**

- *Poster* European Respiratory Congress 2026, Barcelona, Spain.

May 2026 **Health and Economic Burden of Chronic Obstructive Pulmonary Disease**

- *Oral, Invited* Brown Bag Seminar Series, Department of Economics, East West University, Dhaka, Bangladesh.

2026 **20-year trends in excess costs of asthma**

- *Oral, Invited* Science Spoken Succinctly Session, CTS Research Forum, Calgary, Canada.
- *Poster* Canadian Respiratory Conference 2026, Calgary, Canada.
- *Poster* Health Economics Methodology Meeting, Canada.

Jan 2026 **Patient Engagement in Health Forecasting Research**

- *Oral, Invited* Towards Deeper Patient Engagement Workshop, Centre for Lung Health, Vancouver Coastal Health Research Institute, Vancouver, Canada.

Sep 2025 **Trends and Regional Differences in the Use of Maintenance Inhaled Medications in COPD: A Population-Based Study**

- *Poster* European Respiratory Congress 2025, Amsterdam, Netherlands.

Jun 2025 **The Financial Burden of Prescribed Medications in COPD**

- *Poster* Health Economics Methodology Meeting, Vancouver, Canada.

May 2025 **Optimizing Communication Strategies for COPD Management: Effectiveness of Educational Video and Pamphlet Interventions**

- *Poster* ISPOR 2025, Montreal, Canada.

Feb 2025 **Designing Holistic Wellness Retreats for Graduate Students: Insights from a Campus-wide Survey**
- *Oral* Healthy Minds | Healthy Campuses Summit (Online).

2024–2025 **Regional Variations in Burden and Patterns of Care for COPD in British Columbia**
- *Oral, Invited* New Kids on the Block: Research Highlights from Early Career Investigators, Canadian Respiratory Conference, Quebec, Canada.
- *Rapid Fire* Better Breathing Week, Lung Health Foundation, Toronto, Canada.
- *Oral, Invited* Research Works in Progress Session, Centre for Lung Health (CLH), Vancouver, Canada.
- CORE Team Meeting, Faculty of Pharmaceutical Sciences, UBC.
- *Rapid Fire* Canadian Respiratory Research Network Annual Meeting, Ottawa, Canada.

2024 **50-year Cancer Incidence and Mortality Trends in Adolescents and Young Adults in British Columbia**
- *Invited Webinar* Canadian Cancer Survivorship Research Consortium.
- *Poster* BC Cancer Summit, Vancouver, Canada.

2024 **Twenty-year Trends in Excess Costs of COPD**
- *Oral Co-presenter* CORE Team Meeting, UBC.

2023 **Budget Impact Analysis of Pneumococcal Conjugate Vaccines in US Adults**
- *Invited Discussant* Health Economics Methodology Meeting, Vancouver, Canada.

2023 **Overview of the Childhood, Adolescent, and Young Adult Cancer Survivors Program**
- *Oral* Cancer Control Research Seminar, Vancouver, Canada.

2021 **The Influence of University Image in Alumni Expectations and Satisfaction**
- *Oral* International Symposium on Student Satisfaction and Quality of Higher Education, East West University, Bangladesh.

Teaching Experience

2026 **Teaching Practicum**, *Centre for the Integration of Research, Teaching, and Learning*
- Delivered two guest lectures, including an R-workshop in *PHAR 305: Clinical Epidemiology and Pharmaceutical Outcomes II*.
- Completed observing two mentor-led (Dr. Kate Johnson, Assistant Professor, UBC) classes, participated in developing and implementing a Scholarship of Teaching and Learning (SoTL) project, and achieved a CIRTL associate status.

2025–2026 **Graduate Teaching Assistant**, *Sauder School of Business, UBC*
- Courses:
  - *BABS 502*: Forecasting and Time Series Prediction
  - *BABS 550*: Applications of Statistics in Management
  - *BUSI 291 / COMM 191*: Applications of Statistics in Business
- Led tutorials, graded assignments and exams, and supported student projects.

2023–2026 **Graduate Teaching Assistant**, *Faculty of Pharmaceutical Sciences, UBC*
- Courses:
  - *PHAR 205*: Clinical Epidemiology and Pharmaceutical Outcomes
  - *PHAR 211*: Medication Management
  - *PHAR 305*: Clinical Epidemiology and Pharmaceutical Outcomes II
- Led R workshops, held office hours, and graded critical appraisals and course projects related to epidemiological methods.

2021–2023 **Graduate Teaching Assistant**, *Department of Economics, Simon Fraser University*

- Courses:
  - *ECON 103*: Principles of Microeconomics
  - *ECON 105*: Principles of Macroeconomics
  - *ECON 370*: Health Economics
- Planned and organized course content, maintained workflows, and delivered lectures in small-group settings of approximately 20 students.

2023 **Academics First Tutor**, *Simon Fraser University*

- Tutored student-athletes, Indigenous students, WUSC students, and Uggla Family Scholars.
- Courses:
  - *ECON 102*: The World Economy
  - *ECON 113*: Introduction to Microeconomics
  - *ECON 115*: Introduction to Macroeconomics
  - *ECON 201*: Microeconomic Theory I: Competitive Behavior

2022–2023 **Economics Tutor**, *Columbia College*

- Tutored undergraduate students in one-on-one and small-group settings.

2016–2021 **Senior Lecturer**, *Department of Economics, East West University, Bangladesh*

- Courses:
  - *ECON 101*: Principles of Microeconomics
  - *ECON 102*: Introduction to Macroeconomics
  - *MAT 100 / MAT 111 / MAT 211*: Mathematics for Business and Economics
  - *BUS 101*: Statistics for Business and Economics
  - *ECON 304*: Economics of Health
- Contributed to curriculum development and course design.
- Advised undergraduate students and supervised research projects.

2016 **Graduate Teaching Fellow**, *BRAC James P Grant School of Public Health, BRAC University*

- Module: *Health Economics and Health Care Financing Strategy*
- Prepared course implementation materials, guided students for group work, and assisted them in fieldwork.

Services to field

Manuscript Reviews (N=26): BMC Health Services Research (1), BMC Medical Research Methodology (1), BMC Public Health (1), BMC Pulmonary Medicine (2), Canadian Journal of Respiratory, Critical Care and Sleep Medicine (2), Clinical Epidemiology (1), ClinicoEconomics and Outcomes Research (1), Discover Education (1), Heliyon (2), International Journal of COPD (5), Journal of Racial and Ethnic Health Disparities (1), Journal of Workplace Behavioral Health (1), npj Primary Care Respiratory Medicine (1), Patient Preference and Adherence (1), PLOS Global Public Health (1), PLOS One (1), Scientific Reports (2), Social Science and Medicine (1)

Abstract Reviews: Chest Annual Meeting (2026); SMDM 48th Annual Meeting (2026); ISPOR (2025, 2026); ISPOR Europe (2025, 2026); CAHSPR (2025, 2026); SER Mid-Year Meeting (2025); HEMM Poster Abstracts (2025)

Proposal Review: MITACS umbrella proposal (2026)

Mentoring

2024–2026 **Directed Studies in Pharmaceutical Sciences**
- Co-supervised two Directed Studies students with Dr. Sadatsafavi.
- Xingyu Le (Winter Term 1, 2025) – forecasting study using BC administrative data.
- Kayly Choy (Winter Terms 1–2, 2024) – HEATMAP project on regional variation of COPD in BC.

2025 **Academic Assistant in Pharmaceutical Sciences**
- Mentored one undergraduate assistant in scoping review and manuscript review activities.

2024–2026 **Graduate Student Mentor**, *Faculty of Pharmaceutical Sciences, UBC*
- Provided advice and resources to first-year graduate students.

Leadership

2025–Present **Working Group Member**, *Equity, Diversity and Inclusion Group, Canadian Thoracic Society (CTS)*
- Contribute to developing initiatives and strategies that promote diversity, equity, and inclusion across CTS programs and activities.

2025–Present **Planning Committee Member**, *Community Partner Committee, Legacy for Airway Health*
- Facilitate collaboration between patient partners and researchers to integrate patient perspectives into airway health research initiatives.

2025-Present **Member**, *Education Committee, Society for Medical Decision Making (SMDM)*
- Contribute to planning educational initiatives including webinars, tutorials, and virtual short courses.

2024–2026 **GSS Representative**, *Survey Governance Committee, UBC*
- Review university-wide surveys to ensure compliance with privacy and data governance policies and coordinate survey timing across campus units.

2024–2026 **Advisory Committee Member**, *Equity and Inclusion Office, UBC*
- Provide feedback on the Student Demographic Data Project (SDDP) as a GSS representative.

2024–2025 **Education Committee Member**, *ISPOR Global Student Network*
- Contribute to developing learning opportunities for students across the ISPOR network.

2024–2025 **Graduate Program Advisory Committee Member**, *Faculty of Pharmaceutical Sciences, UBC*
- Represent PhD students in CORE and serve as a liaison between students and the Associate Dean of Graduate and Postdoctoral Studies.

2024–2025 **Ordinary Member**, *Academic and External Affairs Committee, GSS, UBC*
- Contribute to advocacy initiatives addressing academic and personal issues affecting graduate students.

2024, 2025 **Organizing Committee Member**, *Health Economics Methodology Meeting (HEMM)*
- Assisted with conference logistics and planning student sessions for the 13th and 14th annual meetings.

2024–2025 **Student Member**, *Graduate Student Experience Working Group, UBC*
- Participated in sub-working groups on graduate career development and graduate student funding initiatives.

2024 **Coordinator**, *Sci-Chat Journal Club, RESP Lab, UBC*
- Organized bi-weekly journal club sessions discussing recent developments in respiratory research.

Moderator

Jun 2026 **Health Economics Methodology Meeting**
- Chaired a session featuring the paper "Cost and Benefit of a Reciprocal Tariff on Imported U.S. Prescription Drugs: Case Study on Canada" (Lead Author: Dr. Yufan Hu).

Mar 2026 **SMDM Innovate Webinar**
- Moderated a 1.5-hour webinar titled "From CEA to BCA and Beyond: Benefit-Cost Analysis Concepts, Application, and Challenges."

2025, 2024 **GSS Career Development Day, UBC**
- Moderated panel discussions on "Navigating Career and Academia in Graduate School" (2025) and "AI and Its Impact on Careers in the Next Decade" (2024).

Workshops

Nov 2025 **Technical Mentor,** UBC AI & Future of Medicine Event
- Guided teams during the Collaborative LLM Evaluation Workshop.
- Supported hands-on evaluation of AI chatbots using clinical scenarios to identify vulnerabilities and assess performance.

Nov 2025 **Workshop Facilitator,** Fall Community Partner Committee Meeting, *Centre for Lung Health*
- Co-designed and facilitated an interactive session supporting patient partners in exploring the research cycle.
- Led discussions and activities highlighting how lived experience can inform and strengthen research.

Oct 2025 **Integrated Curriculum Facilitator,** UBC Health
- Co-facilitated the "Collaborative Decision-Making" module.
- Led workshop discussions, monitored breakout groups, and facilitated large-group debrief sessions.

Invited Speaking

Mar 2026 Rapid Roundtable Networking Session, *Multidisciplinary Undergraduate Research Conference (MURC), UBC*
- Participated as a roundtable speaker in a networking session for undergraduate researchers.

Volunteering

2025, 2026 **Adjudicator**, *Multidisciplinary Undergraduate Research Conference*
- Evaluated undergraduate research presentations and provided feedback on oral presentations and research design.

2025, 2026 **Academic Facilitator**, *Faculty of Pharmaceutical Sciences, UBC*
- Facilitated learning sessions for third-year PHASE Pharmacy students and provided feedback on teaching and presentation skills.

2025, 2026 **Interview Evaluator**, *Faculty of Pharmaceutical Sciences, UBC*
- Evaluated admissions interviews for the Bachelor of Pharmaceutical Sciences (BPSc) and Doctor of Pharmacy (PharmD) program.

2024 **Student Volunteer**, *Social Committee, Faculty of Pharmaceutical Sciences, UBC*
- Supported the organization of the Celebration of Research Day and assisted with planning social engagement activities.

2022–2023 **Volunteer**, *Youth Leadership Millennium (YLM), SUCCESS*
- Participated in an eight-month leadership development program focused on community engagement and personal development.

2022–2023 **Volunteer, Youth Skills Program**, *Frog Hollow Neighbourhood House*
- Supported a BIPOC-led community program providing training and mentorship to develop life skills and social skills among youth.

2022 **Volunteer**, *CityHive Vancouver*
- Assisted with organizing and running activities during the Burnaby Youth Week Block Party.

Certifications

2026 Applied Longitudinal Data Analysis, AI4PH Health Research Training Platform

2026 Cultural Safety Micro Credential Course, University of Toronto

2025 Introduction to Quantitative Perspectives on Measuring Equity, AI4PH Health Research Training Platform

2025 Certified Peer Reviewer Course, Elsevier

2025 Research to Impact Fellowship, UBC

2025 Summer Institute on Sustainable Health Systems, CASCADES

2025 Applied Cost Effectiveness Modelling in R, ISPOR Short Course

2024 Knowledge Translation and Mobilization, Centre for Heart Lung Innovation

2024 Core Course Curriculum in Medical Decision Making, SMDM

2024 GSS Coaching Program, UBC

2023 Instructional Skills Workshop, Centre for Teaching, Learning and Technology, UBC
- Three-day professional development workshop focused on teaching and facilitation skills.

2023 Sex and Gender in the Analysis of Secondary Data from Human Participants, CIHR IGH

2023 Responsible Conduct of Research (RCR) Coordinators/Assistants, CITI Program

2023 Tri-Council Policy Statement: Ethical Conduct for Research Involving Humans (TCPS 2)

2023 Effective Intercultural Communication (EICw), Work Integrated Learning, Simon Fraser University

Professional Development

2024–2025 Science to Business Network (S2BN) National Mentorship Program
- Selected as a mentee in a competitive national mentorship program supporting PhD trainees transition from academia to industry.
- Participated in structured one-on-one mentoring focused on career planning, professional skills development, and industry exposure.

2024–2025 Society for Epidemiologic Research (SER) Mentoring Program
- Participated in a cohort-based mentoring program supporting career development and inclusive professional growth.
- Engaged in facilitated discussions on navigating academic and professional careers as a woman and person of color.
